

Coil Tie - Weld On

Description:

OCM Weld On Coil Ties are manufactured with 2 wire struts with a coil welded on one end only leaving the open end available for field welding. Available in 1/2", 3/4" and 1" diameters.

Features:

- Made to Order to accommodate most conditions
- They may be used with most forming systems for one sided or blind side forming applications.

Additional Notes: Actual Safe Working Load will be dependent on quality of field welding. Rebar diameter may influence Weld-On Coil Tie performance.
