

75FNHH6P

OCM Fitting Up (Speed) Nuts are used for securing steel form panels together. The tapered nose of the bolt acts as a draft pin and helps align the forms. The thread design and clearances between the nut and bolt permits quick assembly and dismantling of the forms. The open thread design permits concrete to be easily knocked out of the threads.

Part Number	75FNHH6P
D Size (in)	3/4"
AC Across Flats (in)	1.25"
Grade	ASTM A563 Grade C
Weight Per Carton (lbs)	43
Carton Quantity	250
